

Renaissance

Evaluating Learning Standards and Assessing and Screening Risk for Struggling Learners

Who: Heads of School, Division Heads, Learning Specialists and Teachers

When: Tuesday, March 11th, 2025 from 9:00 to 10:00 a.m.

Where: Virtual on Zoom

Session Description:

Join us for an insightful professional development webinar that delves into the transformative power of universal screening in private school settings. Discover how comprehensive assessment tools can identify students' strengths and needs, leading to tailored educational strategies that foster academic growth and well-being. Our presenter, Nicole Sangastiano, will share evidence-based practices, success stories, and practical implementation tips to help you harness the full potential of universal screening. Don't miss this opportunity to elevate your school's approach to student success!

Biography:

Nicole Sangastiano: Assessment & Analytics Account Executive | Renaissance

Nicole Sangastiano has dedicated the last 2 decades of her life and career to the field of education. She has earned two master's degrees in Elementary Education and School Administration with a certification in Online & Blended Instruction. Nicole has led schools, consulted for the Harvard Graduate School of Education, built ELA, Math, Science curriculum on both coasts as well as taught in the UK. Nicole built an international High School in Shanghai as well as a 1:1 personalized middle school in Southern California. She has a passion for strategic leadership, Multi-Tiered Systems of Support with an expertise in the Science of Reading; and using data to drive meaningful decision making at the classroom, building and district level. Nicole joined Renaissance Learning in March of 2022 to carry out her life goal of changing the world, one student at a time. She has been honored to work in partnership with School, District and State leaders to support the intentional work of realizing their vision and mission and the role Renaissance solutions play in Seeing Every Student.
